

Please give me a home

- Two loving kittens looking for a home together. I just got them off the street a week ago. They are very healthy, and beautiful looking.
- They are both female. Although they are easy going and sweet, they still are shy and they will need all your love, and patience.
- If you are interested in taking them home, please be ready to fill out a previous questionnaire and a contract to spay them in case we decided to give you the pets.
- Please, call foster mom Taira at (310) 428-3215.
